

**Today's Message: "Out of Context – Part 4"**

Proper context helps to establish proper thinking.

Proper thinking helps to establish proper beliefs.

Proper beliefs carry the values & principles derived from the Word that help guide you successfully down the path of your life.

Does the Bible actually say that Christians shouldn't judge?

As Christians we have a responsibility to evaluate

Critical Judgment vs. Compassionate Judgment

Critical Judgment has a hurtful outcome

Compassionate Judgment has a helpful outcome

When you judge, be sure that you are seeing clearly.

The responsibility to Evaluate also includes the responsibility to Equip

A compassionate Judge will always Evaluate, Equip, and provide plenty of grace and opportunity for someone to Excel.

Out of Context: Part 4
